AN INVITATION TO ARTISTS

The Heider Center Art Gallery is having a group exhibit in April and you are invited to participate.

In the midst of winter, we are thinking of spring and planning the Heider Center version of *Art in Bloom.* If you have attended the Minneapolis Art Institute or the Milwaukee Art Museum's Art in Bloom exhibit, you have seen how floral designers use their craft to interpret various works of art. The designers each choose a piece of art that inspires them and using the materials of their profession (flowers, greens, branches, leaves, etc) produce a piece that is their interpretation of the art chosen.

We invite you to enter one-three pieces of 2D and/or 3D work that could fall into the broad theme of "Spring". The exhibit will be assembled on April 1st and floral designers will be invited to select their inspirational pieces soon afterward.

The floral designs will be on display with the exhibit the weekend of April 20-22. A reception for the artists, floral designers, garden clubs, and general public will be held from 1:00-4:00 on April 21st.

Please help make the 1st Heider Center Art in Bloom show a success by submitting your art for this exhibition. This group exhibit will bring spring to all the senses.

If you have any questions, please contact: Judy Thelen
